

Insolvency Manager 6.03 – March 3, 2008

Known Issues fixed in Insolvency Manager 6.03

E-Filing

1. Statement of Receipts and Disbursements – The Dividend Sheet was not being included in the XML document if there were no creditors eligible to receive a dividend.
2. Estate Information Summary – Was not filling in the Trade Names column in Section 3 for a corporate estate.

Banking

1. Statement of Receipts and Disbursements – The dividend sheet was not printing correctly if there were no creditors eligible to receive a dividend.
2. Statement of Receipts and Disbursements – The levy was being calculated incorrectly when paying dividends over the \$2 million mark for a proposal estate
3. Interest Posting – The posting report in the interest function was causing a General Protection Fault error and shutting down Insolvency Manager.

Reporting

1. Detail Trial Balance – Was incorrectly reporting estates as having the ** Warning indicating the amount drawn may have exceeded the amount eligible to date.

Printing Standard Forms

1. Remittance Advice – Updated the address of the Office of the Superintendent of Bankruptcy
2. Authorization and Direction Letter – For the Joint Debtor was printing the entire date in the first paragraph rather than just the taxation year
